Forecast For East Midlands
Issued by Met Office Exeter
at 0400 on Sunday 18 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Generally dry and very warm, locally hot inland.

Today:
A dry, bright and sunny day across the region. Some fair weather cloud developing during the afternoon, with isolated light showers possible towards the north. Hot again inland, turning cooler near the coast later with an onshore breeze. Maximum temperature 32 deg C (90 deg F).

Tonight:
A sunny evening, continuing to feel very warm for most areas. Low cloud approaching from the north overnight with patches of drizzle and fog across Lincolnshire around dawn. Minimum temperature 14 deg C (57 deg F).

Monday:
Staying cloudy through the morning, but fog patches towards the north quickly clearing. Some sunny spells during the afternoon, cooler than yesterday but staying dry. Maximum temperature 26 deg C (79 deg F).

Outlook for Tuesday to Thursday:
Variable amounts of cloud with isolated showers on Tuesday and Wednesday afternoons, most likely dry on Thursday. Very warm, locally hot inland.
